## Do's and News of 4-H Camp

June 19, 1956

### PLEASE CAST YOUR BALLOT

The theme for the 1957 National 4-H Conference will be selected soon and you as delegates to the 1956 Camp have an opportunity this morning to voice your opinion on what it shall be. Four suggestions have been made. They are as follows:

4-H Builds Today for a Better Tomorrow  
We Learn and Serve  
Building Today for the World We Want  
Improving Family and Community Living

On the attached sheet of paper please make your selection and drop it into the ballot box at the entrance to the cafeteria as you leave this morning.

When you consider the choice of a theme, you should consider that it should have significance and meaning back home in your club and community. It should be meaningful to 4-H Club members and it should reflect what you are trying to do in club work. In addition, it should be one that can serve as a theme for county, State, and National programs.

### TO PRESENT GIFTS FOR PRESIDENT EISENHOWER

Fishing flies tied by 4-H'ers in Carbon County, Utah and a leather carrying case for the flies made by Wisconsin 4-H Club members will be presented to Assistant to the President Sherman Adams this morning. Adams will give them to the President.

Adams will meet with delegates this morning on the White House Grounds in place of the President.

Changes in this morning's schedule call for the Camp delegates to leave the Department of Health, Education and Welfare for the Bureau of Engraving at 10:15 a.m. and to leave the Bureau of Engraving for the White House at 11:15 a.m. The official photograph for the 1956 National 4-H Club Camp will be taken at 12 noon on the White House lawn.

TODAY YOU WILL SEE--

The White House--Not only is it the home of the President, it also contains the many offices required by the Chief Executive and his staff.

Bureau of Printing and Engraving--Everything from the lowly 1¢ postage stamp to a lofty \$1,000,000 certificate of indebtedness. It has grown from a single room employing six persons to two buildings including 30 acres of floor space and employing 5,500 people.

DINNER-DANCE TONIGHT

--Your prettiest dresses and dark suits are in order for the party tonight. After the dinner tonight you may dance to the music of Jack Morton and his band in the beautiful Manor Country Club in nearby Maryland.

The dinner and dance are furnished cooperatively by the Extension Service and the National 4-H Club Foundation. Presiding at the dinner will be Jack Good, Virginia. Loretta Nagel, Illinois, will give the invocation.

VISIT TO HEALTH, EDUCATION AND WELFARE

You have heard from and seen many parts of our government in action during the past week. This morning will be the first opportunity you will have to visit an agency other than agriculture. On the scene you will learn about the many and varied activities of this newest executive department of our government.

PRESIDING DELEGATES

Presiding at the assembly this morning will be Cara Hutchinson of Nebraska.

DELEGATES WILL GET FILM STRIP

All delegates to Camp will get the film strip and the script that was shown on the opening night of Camp. The strip showed the activities of 4-H Club members at previous camps.

ANOTHER SON OF A FORMER DELEGATE AT CAMP

Robert Rees, 1956 Kansas delegate to National Camp, is the son of Leonard Rees, 1927 Kansas delegate to National 4-H Club Camp. Leonard Rees is now a farmer and feed store dealer near Coffeyville, Kansas.

Warren Medina, 1953 National 4-H Club Camp delegate from New Mexico, attended several sessions of the Camp over the weekend.

PLEASE MARK AND LEAVE IN THE BALLOT BOX  
AT THE DOOR OF THE CAFETERIA

My choice for a 4-H theme for 1957 is as follows:

\_\_\_\_\_ 4-H Builds Today for a Better Tomorrow

\_\_\_\_\_ We Learn and Serve

\_\_\_\_\_ Building Today for the World We Want

\_\_\_\_\_ Improving Family and Community Living
